The Iroquis club, the leading Demeratic social organization of Son Francises, is in accord with the movement to secure a visit to this city of President McKinley. A committee has been appointed to act in conjunction with any committees that may be selected by other organizations.

A total of 1,629 foreigners has entered this country through San Francisco, as compared with 1,411 in 1895-6. There was a falling off in the amount of money brought into the country. In 1895-6 there was \$251,000, or about \$164 per capita, while this year there was only \$170,287, or about \$165 per capita.

The Hawaiian government has given notice that no foreign-built vessels will be admitted to Hawaiian register, pending action on the annexation treaty. Similar notice was given in July, 1893, when annexation was first proposed.

The attorney general States holds that a Chinese person who leaves this country under permit must return within two years, without reference to the cause of his delay. The cause in point was that of three Chinamen detained at Victoria, B. C., by quarantine officers so that they could not reach this country until three days after the time limit had expired.

PEKRY AND ITS PROSPERITY One Oklahoma Metropolis That is Forging

Perry, O. T., July 17.-The city of Perry, O. T., is splendidly located upon a beautifully sloping plateau, which permits complete drainage into Cow Creek. a stream that always contains plenty of southern and eastern portions of the city thence northward and eastwardly for four miles into the Atoe Indian reservation, where it empties into Black Bear. Acress Cow creek to the south and east of the city are the rugged hills and bluffs sparsely covered with "Black Jack," which assist so much in breaking the monotony of the usual prairie city upon the plains of the Southwest.

At the time of the opening in September, 1893, Perry was the Mecca towards which untold thousands ran and where they remained, living in a temporary way until sensible conditions returned and the fortune hunters, transients, gamblers, blacklegs, etc., left never to

From a rough frontier city with its dance halls, and open gambling houses and other characteristics of rapid western l.fe, Perry has, like the ocean, purifled herself by her own action, until now she boasts of as good society and of as high social order as cities of much greater age. Her population is now about twenty-fivehundred and is slowly increasing, steadily and permanently. A few good residences are now being constructed and they are much needed, for list year \$7,356.07. house rent has always been rather high.

A large public square occupies the center of the business port on of the city. upon the western end of which are erec ted the Perry land office buildings and the postoffice, the latter being a credit to the city and is constructed of our native red sand stone. Upon the eastern portion of the square is erected the county court house, a frame building, acres, 2,080 bushels; Charles Smith, 26 two stories in height, and fifty feet by one hundred and two feet in size, in which all the county offices are located 1,738 bushels; William Russell, Sumne and where the sessions of the United postoffice, 120 acres, 3,054 bushels; Jesse States and district courts are held. The qubile square is very large, geing \$75 feet pounds over 600 bushels, or more than by 375 feet, and around it on all sides 50 bushels per acre. The last is an imchief business houses of the city.

S. P. R. Is located only one block should have done in putting in their from the southeast corner of the square. The new stock yards now in process of well and rain is needed in some portions fore this year, the total approached close construction lie one block east of the for the corn. public square, and, of course, adjacent

and upon the banks of Cow creek is the Perry water works, ice plant, and Electric Power company. The building is substantial, native white sand stone, and the machinery is all new and of the latest and most improved type. The water works company at first constructed a huge reservoir into which the water was pumped from wells in the vicinity, but the supply being inadequate for the demands of the city, a magnificent stone dam has recently been constructed across the southern branch of Cow creek which is we furnishes an abundant supply of w furnishes an abundant supply of The marine dry dock, at Algiers, La., water and from which it is filtered into the water mains throughout the city.

> residences are lit by incandescent and are lights. The ice plant not only manufactures

business, but they are not large and are sold pretty steadily all day, though not unall frame structures. What Perry needs more than any other thing is a hotel commensurate with hr size and import-

As this article mentions no names and is not intended as a detailed account of still to be adjusted. It was not until after our business interests, mention cannot the market had closed that the agreement be made of our many hardware dealers, dealers in agricultural implements, who desiers in agricultural implements, who likely to occur was prevalent. Louis numerous dry goods and grocery stores trading and was bought for London and many other and varied businesses; count as well. The Brooklyn Rapid Transuffice it to say they are all up to the standard of modern excellence.

We have three weekly papers and two lailies, all enterprising and flourishing. There are nine churcheedifices in the city, two of which are for colored people, and all of them substantial and pernament buildings.

The people are a law abiding, church going, God fearing people. There are ed a point and closed at 88 per cent, the three splendid school buildings, all of top price, and the highest it has sold at pressed brick with all modern conven-iences, in which there is seating caqa- wheat market on reports of continental city for every child in Perry.

The Sunday schools have their plenics, the Epworth League their socials and all the different religious and social secret societies are splendidly represented in every way, so that any and all may find their religious and social affinities with-

The Ladles' Tuesday Afternoon Club has been organized for over two years and numbers among its members women of a high intellectuality who study Shakespeare with a love that their more eastern sisters often only feign.

This city is thirty miles from Guthrie, thirty miles from Ponca City, thirty miles overland from Enid and thirty miles from Pawnee and the same distance from Stillwater.

For a distance of twenty miles west, the same distance north and fifteen miles south this city has all the trade, and the insure the trade of a new portion ofter-fitory that has had no fixed trading will benefit largely by this state of affairs, that has had no fixed trading point. But it is to the east where the immense trade of this city comes and The whole "triangle," from Salt Fork on the north to the Cimarron on the south and eastward to where the latter stream flows into the Arkansas, pays more or less tribute to Perry. Freight for Silliwater, the county seat of Payne county, and for Pawnee, the county seat of Pawnee county, is for the most part unloaded at this point and then freighted across the country to these places, and these towns, together with Jennings, Cleveland, Blackburn, Sumner, Morrison, Lela, Ingalls and a dozen more inland towns to the east of Perry, all trade with this city. The immense hog market that has developed rapidly at this ous other small streams with wide and

rich bottoms lying to the eastward. A splendid wagon road connecting this city with Pawnee and Stillwater has largely contributed the increased trade

from that section. The following figures are absolutely authentic and tell better than words of the increase of trade at this point:

In 1896 the total number of car loads shipped from this city since January 1, water and which flows through the 1897, up to July 15, 1897, a period of six and one-half months aggregates 232 car large demand for these bonds, Metropolitan Traction rose 2 per cent.

Up to July 15 51 car loads of new wheat have been shipped from this point and the business is but beginning with a mil! that purchases thousands of bushels for home consumption.

In 1896 eight hundred and twenty-one bales of cottion were shipped from this ly upwards. The demand for investment point. This year the number will be quadrupled. LLast year for the months of April, May and June, 129 car load lots the same three months of the present year 268 car loadints of goods were re-

bowie. There was shipped from this place during the same three months of 1896. ninety-one car loads of merchandise and this year during the corresponding months, two hundred and twenty-two per cent; Denver and Rio Grande five

car load lots were shipped out.

Besides these car load lots there are from three to five car loads received here dally in amounts less than car loads The revenue of the railroad for the of May, 1897, exceeded that of 1896 \$5,988.94, and the receipts for the month of June of this year exceeded

The climate, soil and conditions of this portion of Oklahoma are similar to that of Butler, Sumner and Sedgwick counties of Kansas, except that cotton can

be successfully grown here. The present wheat crop is unprecdented in this country and the following persons well known in this county had the following yields: J. W. Robb, 65 acres, 685 bushels: James Carpenter, 70 acres, 2,450 bushels; A. Smoot, 54 acres with searcely an empty building are the mense yield but thirty to thirty-five bushels per acre is not, and those hav-The commodicus depot of the A., T. & ing less did not take the pains they erop. Coalers figin on the Strike Situation-Review of the Week's Transactions is Stocks and Bonds-Bank Statemen

New York, July 17 .- Dealings on the stock exchange were in fair volume and the market was strong, as a whole. Liquidation in Sugar worked a sympathetic reaction in the market for a short time, but The mill is a beautiful and com- grangers were notably strong, as being There are fine hotels, all doing a good market in point of activity. Sugar was ta closed at the top, the former leading the der severe pressure, and there were no violent fluctuations, traders having finally come to the conclusion that the situation in the conference committee was really and Nashville was a strong feature in the sit securities showed continuous strength on rumors of alliance with other lines. East River Gas was offered by the manifestations of oppression to the proposed con-colidation on the part of Equitable Gas interests and lost 1/2 per cent, but the pr ferred stock advanced 21/4 per cent. The coal stocks continued to show strength un der the same influences that have affected them all week. New Jersey Central gainselling was not without its effect on value in the stock market and contributed to the reaction. Tobacco was keenly affected by the reactionary tendency and, together with Sugar, closed with a net loss of a large fraction. Lake Erie and Western preferred also closed a point lower. The railroad bond market was very active

> by some of the speculative issues. THE WEEK REVIEWED. The steady advance by slow stages thi week should gratify speculators who may hope to market securities on the anticipat-ed rise when the business of the country has settled down after ascertaining defi-nitely the nature of the pending legisla

and also strong, sharp gains being shown

At current quotations but little liquidation has materialized. The week's most note worthy incident was the rare combination of the extraordinary advance in wheat and at the same time most favorable vices. The apparently trustworthy foreign early construction of the bridge across advices indicated a diversified shortage of Red Rock creek fifteen miles north will crops, that promises renumerative returns

were uniformly strong.

There was an early disposition abroad to was a fair customer for Americans, and equently there was some selling from that quarter it was of a hesitating character, showing a gradual realization of the improved outlook here.

The buoyancy of the Sugr stock in the early part of the week was a sustaining influence on most of the list. The out standing short interest becoming nervous at Sugar's persistent strength sought cover, carrying the price by leaps and jumps to 127% per cent, which is above record price. on the wrong side of the market had but a transitory depressing effect. Washington rumors early indicated that a schedule very place comes largely from the rich, corn profitabe to the refining company would valleys of Black Bear, Oak creek, Still- be agreed upon in conference. Subse-water creek, Long Branch and numer-quently advices showed a deadlock, with the house leaders insisting on the Dingley schedule, and Sugar receded on the impression that it was certain that the house conferees would win. It had, however, recorded a net advance for the week of 4% per cent. Some kindly disposition was dis played towards railway properties in the south and southwest, notably Missouri Pacific which was bettered by 2% per cent. The vast amount of money awaiting in of hogs shipped from this point amounted vestment was accentuated by the overto 151 car loads. The number of hogs subscription of a local street rallway's 32. 600,000 honds offered, with applications fo twenty-five times that amount. On

BONDS. The bonds trading during the week was extensive dealings, which will embrace a large number of usually dormant securi-Changes in these liens were usually attended by wide vibrations, more generalaccount was reflected in the rapid appre-ciation of the gilt-edge issues, which is foreing more general purchases of the midof goods were received at this point, for die-grade and speculative mortgages, which promise a large return in capital invested. The picthora of funds at this center is evidenced by the increased animation in various outside properties and the higher prices realized for municipal bonds, which are much sought for. The aggregate sales were \$11,627,600. The principal gains were: Oregon Short Line incomes, series A., 174 14; Gaiveston, Harrisburg and San Anonlo firsts and Long Island Ferry, 15 each: Wilkesbarre and Eastern firsts, 4 Hocking Valley sixes, Standard Rope in-comes and Peoria and Eastern firsts, 2 Rochester and Pitisburg consols, Chesa-peake and Ohio, R. and A., division first onsols, Fort Worth and Rio Grande firsts and Susquehanna and Western refunding those of the corresponding months of nives, 2 per cent and over. The declines list year \$7,356.67. sixes, 1% per cent.

Governments were moderately active and exhibited decided firmness. State issues were prominent and generally higher.

WEEKLY BANK STATEMENT. New York, July 17.-The weekly bank tatement shows the following changes: Reserve, increase \$4.575,525; loans, increase M78,800; specie, increase \$786,000; legal tenders, increase \$5,254.700; deposits, increase \$5,584,700; circulation, decrease \$141,700. The banks now hold \$16,000,900 in excess of the requirements of the 25 per cent rule,

New York, July 17 .- The Financier says:

of New York City for the week ending July 7 is interesting mainly on account of th remarkable increase in deposits and cash now stand at the unprecedented figure of Sall 261,300 and the cash reserve exception \$100,350,000, which, with the exception of the latter part of 1894, is the heaviest accumu-lation the banks ever carried. Once beloans was much less, as was the ease three years ago. The loan item is reaching the high figure of several weeks from and There are already two cotton gains in the city and another in course of erection and will be completed in ample time for and died from the effects of it. A suit ports, gained no less than \$6.00,700 in cash, and died from the effects of it. A suit ports, gained no less than \$6.00,700 in cash, and if the deposit item is correct the money

being in excess of two millions. The other changes were unimportant. As con-firming the congested state of the money market, it might also be pointed out that the deposits of the banks have shown a

Organient Comes to Griof.

Cincinnati, O., July 17.—Ornament, the greatest 3-year-old of the year, met his downfall today in the Buckeye Stakes at Cakley. He was beaten by Fleischmann, who, until this afternoon, was never able to break out of the mailen class. Whether Flaschmann is really the better horse of the two, however, is still a matter of doubt. The race was run over a track deep in mud, and was not what could be termed a contest of speed. Fleischmann simply made a runaway race of it. He got away in front at the drop of the flag and ran the entire distance with Reiff, his jockey, sitting still in the saddle. Fleisch won without apparently any effort. At the head of the stretch he was five length to the good. Meadowthorps was second Ornament last. Half way down the got closer than two lengths of Fleisch-mann, the latter crossed the wire an easy winner by two lengths. Fleischmann is and is named in honor of ex-Senator Shae Fleischmann, the millionaire horseman and capitalist of the Queen City. Six thousand people cheered the winner and it is heedless to say that Fleischmann's victory was warmly received. The stake was worth \$5,000 to the winner.
